COMMUNITY DINING SETUP

SETUP
Create restaurant, staff and stations

STEP 1

COOKBOOK
Create your meals

**STEP 2**

MENU
Create your menus

STEP 3

Create and manage restaurants, meals, and menus with the Speak2 Dining feature. Residents can order in numerous ways and based on their acuity level. Servers can use the in-dining app and send orders to a kiosk for kitchen preparation lines.

Follow the steps in these sections to get up and running. First, create your Community Dining Setup. It's your upfront effort to set your Daily Orders & Delivery Process.

Detailed steps and guides are available in the Speak2 Support Center.

SPEAK2 DINING

Simple Meal Request

Meal Order with details

Resident App complete order

Dining Staff

ORDER & DELIVERY PROCESS

ORDER PLACED
4 methods vary based on details provided
